Game Theory, PhD in Economics and Management, 2005/06
Exercises, sheet no. 3, Monday, November 21, 2005

Esercise 1

I \ II	L	R
T	$-2, 2$	$3, -3$
B	$3, -3$	$-4, 4$

For the strategic game given above:

- find the Nash equilibria for its mixed extension

- find its correlated equilibria

- describe the best reply dynamics

- describe the fictitious play

- describe the replicator's dynamics
